Company Administrator 1

Company Administrator 2

THE ROLE OF THE COMPANY ADMINISTRATOR

The company has the option to appoint a maximum of two officer/s who will act as the administrator/s. The bank will provide the administrator/s with a user ID and password, which gives access to all the Online Banking Services for all the accounts accessible via Business Online. This individual will be solely responsible for the administration and due diligence of users granted access to company accounts. The responsibilities of the administrator function are:

- Adding, modifying or deleting users and / or their access rights on Business Online
- Granting company levels and limits for transactions
- Enabling access to account/s and entitlements for all users
- Resetting user passwords
- Monitoring user activity on Business Online

I / We have read and understood the above and as such have duly designated persons as defined on this application under Business Online Company Profile and Administrator Information as the authorized company administrator/s.
